

Index

Numbers followed by a “t” or an “f” refer to pages with tables or figures.

- Aboriginal populations, 5, 283n11
- Africans and, 211–12
- Amazonians and, 4, 80, 85–86, 280n6
- decimation of, 79–82
- effects of Contact with Old World and, 78–88
- Europeans joining societies of, 83
- genetic homogeneity and, 84–88
- immunity and, 78–88, 211–12
- legal status of, 285n1
- Native Americans and, 1–4, 78–88
- Old World diseases and population implosion of American, 79–81, 82f, 83–87
- Polynesians and, 4, 16, 78
- Tasmania and, 15–16
- Activists, 12
- Acemoglu, Daron, 275n3
- Adams, Elizabeth J., 148, 283n17, 284n18, n21, n22
- Adaptation, 276n11
 - disease and, 3, 32, 79, 85, 91, 94, 137, 170, 283n15
 - early American migration and, 79, 85, 91, 94
 - food and, 18
 - slavery and, 137, 170
- Africa. *See also* Africans
 - Angola, 95
 - disease lesson and, 207, 211–13, 286n4
 - Kenya, 147–48, 169
 - Liberia, 95–96
 - malaria resistance and, 155–59
 - Malawi, 169
 - Old World migrations to New World and, 77, 79, 88, 90–97, 104–106, 108, 111, 113
 - slavery and, 92, 94, 111, 113, 120, 161, 174
 - Tanzania, 169
 - tropics of West, 88–92, 94–95, 104–108, 111, 113, 120, 123, 137–38, 142, 149, 151, 155–58, 170, 172, 174, 207, 211–13, 215–16, 286n4
 - Zaire, 167, 169
 - Zanzibar, 148
- Africans
 - agriculture and, 90–92, 97, 99–105, 108–12
 - Angola, 95
 - black mortality (death) rates and, 97–98, 100, 103, 124, 163, 164t, 165, 188, 192–94, 196f, 197, 199–200, 235–36, 267–71t, 285n6, n9
 - immunity of, 90–96, 99, 105, 108, 111, 118, 121–24, 128, 134–35, 137, 139, 142, 151, 154–60, 167, 170–72, 174, 212, 215–16, 280n2
 - Kenya and, 147–48, 169
 - Liberia and, 95–96
 - Malawi, 169
 - mortality (death) rates of, 73–74, 94–99, 158, 165, 167, 213
 - northern British colonial mainland and, 97–103
 - slaves and, 57–74 (*see also* Slavery)
 - southern British colonial mainland and, 103–10
 - Tanzania, 169

- Africans (cont.)
 warm-weather disease and, 91–92, 211–12
 Zaire and, 167, 169
 Zanzibar, 148
- Age of Reason, 55
- Agriculture, 77, 208, 219, 276n8
- Africans and, 90–92, 97, 99–105, 108–12
 cultivation and, 19, 53, 116, 126
 Europeans and, 90–92, 97, 99–105, 108–12
 evolutionary theory and, 91
 fallow periods and, 19
 feedback effects and, 57, 100
 fertility and, 19
 firms and, 57–60, 278n2,n3
 hookworm and, 108–10
 immunity and, 90–91
 innovation and, 58–59
 interest rates and, 60–62, 66–72, 75
 maintenance costs and, 59–61
 morbidity and, 73–75, 219
 Native Americans and, 81–83, 87
 net revenue and, 59–61, 66–68, 72
 Old World and, 7
 plantation system and, 53, 90, 104, 112, 116–18, 122, 125–35, 141, 149–54, 157, 160–63, 170–73, 177, 180, 212–13, 283n10
 planters and, 5, 9–10, 57–75
 present value and, 59–62, 66, 70, 72
 prices and, 57–58, 278n2
 profit and, 7, 57–61, 66–72, 278n3
 rural disease environment and, 125–35
 sedentary life and, 20–24, 82
 servile labor and, 57–74 (*see also* Indentured servants; Slavery)
 settled communities and, 19
 share cropping and, 117
 swidden, 18–23
 tenant farming and, 117
 transition to, 19–25
 transportation developments and, 176
 tree girdling and, 19
 “women’s work” and, 26
- AIDS, 209, 277n7
- Albonico, Marco, 152, 283n17, 284n19
- Alchian, Armen A., 278n3
- Allison, A. C., 156
- Amazonians, 4, 80, 85–86, 280n6
- Amebiasis, 130
- American Revolutionary War, 57, 62, 67, 120, 282n6,n7
- American South. *See also* Antebellum South
 corn nixtamalization and, 283n11
 diseases and, 104–105, 163, 173–74, 216
 hookworm and, 90, 105, 108, 110, 134, 142, 147, 149, 282n18
 malaria and, 105–106, 110, 134, 281n16
 malaria mortality rates in, 165–66
 pesthouse and, 113
 plantation system and, 90, 104, 112
 primitive sanitation and, 144
 productivity in, 172
 shoes and, 153
 slavery and, 6, 10, 105, 115–16, 214
Toxocara canis and *Toxocara cati* and, 131
 yellow fever and, 281n11
- Andean civilization, 80–81
- Anderson, Barbara A., 285n8
- Anderson, Roy M., 161, 163, 284n24
- Andreano, Ralph L., 108, 139
- Angola, 95
- Animals. *See also* Zoonotic diseases
 antelope, 22
 captivity and, 12
 cats, 91, 131
 cattle, 3, 22, 81, 162
 chickens, 12, 133, 144
 deer, 22
 dogs, 3, 18, 78, 91, 131–33, 144
 domestication of, 3, 20, 78–79
 ducks, 144
 feral, 81–82
 fowl, 3
 goats, 3
 horses, 2–3, 38, 81, 162
 hunting and, 19, 81 (*see also* Hunter-gatherers)
 mules, 38
 Native Americans and, 78–79
 new diseases and, 22
 pigs, 3, 144, 162
 plant foods and, 40
 population growth and, 40–41
 power in transport, 204
 sheep, 3, 81
 snakes, 208–209
 swine, 79, 81, 133
 waste from, 40–41
- Anorexia, 145, 146f, 167, 168f

- Antebellum Puzzle, 52–54, 203–204, 278n13
- Antebellum South, 10
- corn and, 124, 127–28, 283n11
- costs of slavery and, 115–16, 174 (*see also* Slavery)
- fecal pollution and, 130–33
- hookworm and, 130–54, 159, 167–73
- malaria and, 127, 130, 134–37, 147–48, 154–73, 281n16
- New South and, 163, 177
- nutritional diseases and, 127–28
- parasitic diseases and, 128–35
- plantation system and, 53, 116–18, 122, 125–35, 141, 149–51, 157, 160–63, 170–73, 177, 180, 283n10
- rural disease environment and, 125–35
- sanitation and, 127, 130–34
- steamboats and, 162–63, 178, 180–82, 185
- urban disease environment and, 122–25
