Subject Index

Abortion, 69, 72, 428-439, 439-443; compulsory, 447; and experimentation, 543-545; for genetic defects, 444-447, 459-462; and minors, 302, 381; public policy on, 545-546; to save mother's life, 429, 431; for sex choice, 453-454, 457-458; and Supreme Court, 454, 457-458

Aging: contemporary views of, 356-358

Aggressiveness of treatment, 286, 313-316, 349-359, 355-361, 368-373, 373-378, 378-381, 382-389. See also Euthanasia; Termination of treatment; Withholding treatment

Alcoholics, and the sick role, 165-166

Allocation of resources, 560-564, 565-567, 567-569, 569-573, 574-582; hospital resources, 198, 199; selection of patients for scarce resources use, 575-583

Artificial insemination, 471-475; donor selection for, 472-473, 474; record keeping for, 473-474; rights of sperm donor, 486

Autonomy, principle of, 120, 176, 254-255, 262, 271, 272, 287, 292, 317-323, 324-325, 359-361; for children, 297, 303, 533-534; with incompetent patients, 360; as justification for informed consent, 4, 8; patient's waiver of, 360; professional, for physicians, 88, 117, 136, 326, 359; and refusal of treatment, 277, 278, 281

Beneficence, principle of, 358-359, 361, 496-498, 500-501, 503, 532, 534-536

Brain death, 316, 317, 362

Burn victims, 18-19, 256-263, 286-287, 341-345

**Canterbury v. Spence**, 7, 661-665

Cesarean deliveries, 247

Child abuse, 383, 386

Children: autonomy for, 297, 303, 533-534; as burn patients, 343; and death with dignity, 379; informed consent for treatment of, 379; as research subjects, 494, 531-540, 541-542; and right to die, 379-381. See also Minors

Civil commitment. See Commitment, civil

Clinical judgment, 514-515

Codes and statutes, professional: principles of medical ethics, 641; code for nurses, 642; patient's bill of rights, 643; directive to physicians, 644; standards for health services in prisons, 645; policy for the protection of human research subjects, 647; A Bill to Provide that Human Life Shall be Deemed to Exist from Conception, 651; constitution of the World Health Organization, 651; Nuremberg Code, 652; Declaration of Helsinki, 653

Coercion, 10-11; of mental patients, 392-393, 397-398

Coma, irreversible: characteristics of, 28-30; as criteria for definition of death, 28, 31, 33, 35

Commitment, civil, 262, 265-267

Commitment, involuntary, 392-395, 395-404; abuses of, 400; criteria for, 399-400

Competence, 270-275, 330; assessment of, 4-5; for consent to treatment, 330; difficulties in judging, 5; in elderly patients, 525-527; limited or intermittent, 5; and orders not to resuscitate, 330; as part of physician-patient relationship,
Competence (continued)
96; and refusal of treatment, 271, 276-278; tests for, 271-275

Compliance, 137, 422; correlated with patient satisfaction, 179-180

Confidentiality, 23-27, 161; breaches of, 24-27; for minors, 302-303; in psychosurgery, 408

Consent, informed. See Informed consent
Consent, proxy. See Proxy consent
Consent forms, 281-284, 294, 306

Dangerousness standard: as criterion for involuntary commitment, 399, 400, 401-402, 403

Death: assessment of imminent death, 330, 346-347, 354, 365, 367; definition of, 28-30, 30-37, 340; as natural part of life, 118; public policy regarding, 36-37

Death with dignity, 317-323, 324, 356, 359, 362, 379; for children, 379

Deception, 16-17, 54, 120, 175, 292, 359; benevolent deception, 175-176; and paternalism, 20-21. See also Disclosure of information; Lying; Deception

Discipline, medical, 231-236, 238, 240-243, 413-414; and Boards of Medical Examiners, 233-234, 236, 237, 243; and hospitals, 231-232, 234-235; and medical societies, 232-233, 237, 239-240, 242; obstacles to, 234-235, 236; sick doctor statute, 240-242

Disclosure of information: with cancer patients, 187-190; duty for, 175; for informed consent, 6-8; with parents, 185-187; when violating

Due care, 219-231; definition of, 219, 221; in hospitals, 228; locality rule in, 225, 227-228; for nonphysicians, 221-222

Due process, and decision making, 388-389

Education, medical. See Medical education

Eichner v. Dillon, 337-340, 682-686

Emergency medicine, decision making in, 285-289

Euthanasia, 38-42, 42-45, 54, 358; killing vs. letting die, 39-41, 42-45. See also Aggressiveness of treatment; Termination of treatment

Experimentation: on children, 494, 531-540, 541-542; on elderly patients, 518-531; on fetuses, 541-548; informed consent in, 295-296, 511-514, 523-530; using institutionalized subjects, 271-272, 519-520, 536-537, 540; on in vitro fertilization, 475-483; legal principles regarding, 510-514; nontherapeutic, 510-511, 534; on prisoners, 307-311, 548-558; risk and intrusiveness of, 520-522, 535-539, 545, 550; therapeutic, 510, 511, 534, 555. See also Randomized clinical trials; Research

Family, 343, 345, 347, 351, 353, 355; and decisions to terminate treatment, 314-316, 323, 324, 327-328, 330-331, 332, 335, 337; role in decision making, 327-328, 330

Fetus: experimentation on, 541-548; right not to be born, 446; status as person vs. nonperson, 542-543

Genetic counseling, 465-467, 468-470; directive vs. nondirective, 462-465; withholding information in, 466-467

Genetic defects: abortion because of, 444-447, 459-462

Genetic screening, 443-453, 459-461, 462-465, 468-470

Genetic therapy, 450

Geriatrics, 165, 350, 351, 355-361; autonomy of elderly patients, 523-524; informed consent for research in, 523-530; research on the elderly, 518-531; senile dementia research, 522-523

Government funding of health care, 79-85, 88-89. See also Medicaid; Medicare

Health maintenance organizations, 207-209; patient anxiety in, 207; physician as plan advocate in, 207-208

Heart transplants, 560-564, 565-567, 567-569, 574; chances for survival, 561-562; cost/benefits of, 567; costs of federal funding program,
Subject Index

566-567; patient selection criteria, 562-564; potential candidates for, 561-562, 566; tissue rejection in, 566

Hospice movement, 358

Hospitals, 194-197, 198-200, 211-219; and decisions not to provide service, 199; and distributive justice, 199-200; legal liability of, 386; and medical discipline, 231-232, 234-235; moral obligations of, 194-197; obligations of administrators, 199-200; patients' rights in, 211-219; physician-patient relationship in, 213-214, 215; similar to physician-patient relationship, 196; policy on resuscitation, 327, 329-332, 336; scarce resources in, 198, 199

Hydrocephalus, 374-376, 378

Illness: definition of, 100; as part of life, 99; patient's perception of, 420-427. See also Disease, concept of; Sick role

Incompetent patients: autonomy for, 360; decision making for, 317, 331, 333, 334-337, 337-340, 345; and orders not to resuscitate, 331, 332; and refusal of treatment, 333-334, 338; and withholding care, 332-337

Informed consent, 3-12, 222, 225-256, 264-265, 268, 273-275, 281-284, 290-291, 291-293, 293-295, 295-296, 302-307, 349-352, 359; arguments against, 255; autonomy and, 4, 8; for children in research, 532-534; competence for, 4-6, 330; comprehension of information for, 8, 283-284; and death with dignity, 324; disclosure of information for, 6-8; in emergency medicine, 285-286; exceptions to, 254; in experimentation, 295-296, 511-514, 523-530; functions of, 3, 254; in geriatric research, 523-530; in the hospital, 196-197; laws covering, 532-534; for minors, 302-307, 380; and orders not to resuscitate, 330, 331; of parents, 296-301; patient's capacity to understand, 273-274; and psychosurgery, 307-311; while sick, 423; for treatment of children, 379; waivers of, 8-9; and withholding intensive care, 341

Insanity defense, 405

Institutional ethics, 194-197; definition of, 194

Institutional medicine: and refusal of treatment, 280-281

Institutional review boards, 539-540, 557

Institutionalized patients: experimentation on, 271-272, 519-520, 536-537, 540; and treatment decisions, 337

Intensive care, 322, 325, 366; assignment of patients to, 314-316; withholding treatment in, 341

Involuntary commitment. See Commitment, involuntary

Involuntary treatment, 271, 272

In vitro fertilization, 475-483; amniocentesis following, 479-480; as experimentation, 475-479; immorality of, 476

Jehovah's Witnesses, 140, 325, 329, 333, 364; and children, 300; and informed consent, 9

Justice, principle of, 79, 361, 454, 579; and distribution of medical care, 62; and hospitals, 199-200; and paternalism, 287; in prison research, 552-553, 554, 556; in research, 496-499, 532, 536-538, 552-553, 554, 556

Kaimowitz v. Michigan Department of Mental Health, 408-409

Kidney disease. See Dialysis

Legal cases: Roe v. Wade, 657; Canterbury v. Spence, 661; Tarasoff v. Regents of the University of California, 655; In the Matter of Karen Quinlan, An Alleged Incompetent, 668; Superintendent of Belchertown State School v. Saikewicz, 676; Eichner v. Dillon, 682

Legal policy: for prolonging life, 378-382; for treatment of defective newborns, 382-389

Legal process, 268-270, 326, 327-328, 333, 334-337; in commitment proceedings, 260-263, 265-267; and competency to consent, 272; and informed consent, 268; role in medical decision making, 334-337, 337-340; and termination of treatment, 334-337, 337-340

Legal system: and ethics, 194-195; and physician-patient relationship, 212

Letting die. See Euthanasia

Leukemia, 379, 380

Lung disease, chronic, 346-348

Lying, 174-175. See also Deception; Disclosure of information; Withholding information

Malpractice, 214, 219-231, 247, 248, 264, 336, 371; costs to patients, 243; definition of, 219-220; and psychiatry, 410, 411-413

Medicaid: and abortion funding, 440-443, 451; and new medical technologies, 560

Medical discipline. See Discipline, medical

Medical education, 145-147, 153-163; in clinics, 150-152; and defensive medicine, 248; and drug abuse, 242; and physician-patient communication, 153-154, 159-163, 177-178

Medical records. See Records, medical

Medicare: criteria for financing health care, 560; End Stage Renal Disease program, 569-570; and payment for heart transplants, 560-561

Medicine, profession of, 47, 48, 94-95, 333; as a moral enterprise, 97
Mental illness: concept of, 393-394, 397-398, 400, 403; diagnosing, 405; laws regarding, 393-394; organic pathology in, 394, 398-399
Mental patients: coercion of, 392-393, 397-398; dehospitalization of, 398, 401, 402; and loss of liberty, 394-395, 397; as menace to society, 392; and sick role, 164-165
Minors: and abortion, 302, 381; and confidentiality, 302-303; informed consent for, 302-307, 380; mature minor rule, 303-304; and refusal of treatment, 303, 306-307, 331, 381
Myelomeningocele, 368, 369, 373-378, 382, 387; history of treatment of, 374-377; selection criteria for treatment of, 377-378

National Commission for the Protection of Human Subjects of Behavioral and Biomedical Research, 406-410, 519-523, 525, 531-540, 543, 545, 546-547, 548-558
Natural Death Act of California, 344, 362-368
Negligence, 219-231; definition of, 219; for failure to treat, 285; proof of, 230-231; proximate cause in, 228-230; and specialists, 228
Newborns, defective, 368-373, 373-378, 382-389
Nonmaleficence, principle of, 496; as justification for informed consent, 3-4
Nuremberg Code, 490-495
Nurses: and care of critically ill, 347; and terminating care, 315-316, 331
Ophthalmology, 289-291, 291-293; negligence in, 225
Orders not to resuscitate (ONTR), 317, 327-328, 329-332, 339; and incompetent patients, 331, 332; and informed consent, 330, 331
Orthopedics, 224, 229
Parents: burdens on, 377; communication with doctors, 130-136, 185-187; conflicts with doctors or children over treatment decisions, 140, 299-301, 380-381; and consent for minors, 302-307; criticism of doctors, 123-124; duties of, 298-299; financial liability of, 304, 306; informed consent of, 296-301; legal responsibilities of, 382, 385-386; and refusing treatment for children, 278-281; right to decide about defective newborns, 370-371, 382-389; rights of, 298-299
Paternalism, 13-22, 109-111, 112, 122, 174, 176, 192, 272, 287, 290, 292, 294, 297, 322, 345; and deception, 20-21; with elderly patients, 524-525; and justice, 287; in psychiatry, 393, 398-399; in selecting research subjects, 520, 524-525
Patient education, 177-178
Patient rights: to decide treatment, 336-337; and disclosure of diagnosis, 189; in hospital, 211-219
Patient rights advocate, 215-219
Patients: classification of hopelessly ill, 313-316; definition of, 95-96
Patient's Bill of Rights, 53, 214-215, 294, 643-644
Person, concept of a, 63-70; as a moral problem, 65
Personhood: of defective newborns, 368-369, 383; of the fetus, 340, 542-543; legal entitlements due to, 369, 383; potential personhood, 67-68
Physician-patient relationship, 96, 107-112, 113-120, 136-139, 140-145, 173-177, 177-178, 211-219, 262-263, 264-267, 268-270, 292, 293, 294, 349, 353; alternative models of, 107-112, 136; with children, 304; friendship in, 109, 115; obligations of patients in, 103-104; patient as active participant, 148; patient rights in, 119-120; physician's role in, 105, 116, 118-119, 122; psychological aspects of, 106; and refusal of treatment, 278; as a social system, 136; and team approach, 147-149; and treatment of defective children, 370-372, 383-384
Physicians: accountability of, 209, 236; and alcoholism, 233, 236, 238, 241, 242; authority over patients, 129; characteristics of, 98; and children, 299; competence unquestioned, 125, 126-127; and decisions about defective newborns, 387; and decisions to terminate care, 314-316, 330; different images of, 155-157; and drug addiction, 235, 236, 237-238, 241-242; duty to consult, 223, 307, 352; duty to desist, 365-366; duty to refer patients, 220, 223-224; duty to treat, 366; employed by third parties, 141-142; errors by, 126; ethical responsibilities to patients, 195, 299, 300, 324; incompetence of, 232; legal responsibilities of, 382, 386; limitations of, 158-159; mental disorders of, 238-239; not responsible for ethical decisions, 321; obligation to inform, 255, 293; obligation to learn, 224-225; obligation to listen to patients, 226; and orders not to resuscitate, 327-328; pa-

Quality of life: as factor in decision making, 334, 335, 337, 338, 339, 385, 668-676

Psychotherapy, 423

Psychotherapy, involuntary, 271
