The MIT Press, with Peter Denning as consulting editor, publishes computer science books in the following series:

**ACM Doctoral Dissertation Award and Distinguished Dissertation Series**

**Artificial Intelligence**, Patrick Winston and Michael Brady, editors

**Charles Babbage Institute Reprint Series for the History of Computing**, Martin Campbell-Kelly, editor

**Computer Systems**, Herb Schwetman, editor

**Foundations of Computing**, Michael Garey, editor

**History of Computing**, I. Bernard Cohen and William Aspray, editors

**Information Systems**, Michael Lesk, editor

**Logic Programming**, Ehud Shapiro, editor

**The MIT Electrical Engineering and Computer Science Series**

**Scientific Computation**, Dennis Gannon, editor
