 theory of, 56, 206
 as truth condition, 365
- Memory, 3, 23, 127, 178, 343–4, 476
 analysis in, 291, 293, 311
 associative, 292, 296–297, 301–302
 concept of causality in, 283, 310–311, 315–316, 344
 concept of tense in, 302, 308, 344
 conceptual coherence of, 310, 312–313
 constructive, 11, 23, 283, 298, 310, 314, 474
 cue for recall, 283, 313–314, 344
 elaboration, 310, 312
 and emotion, 329, 333–334
 field and observer perspectives of, 315, 432, 434
 flashbulb, 309–310
 generic, 296, 305
 implicit, 95, 130
 interpret meaning, 298, 311, 315–316, 344
 and language, 474–475
 location addressable, 284, 295
 multimodal, 309
 photographic, 285–286, 303
 priming in, 288
 resultant and emergent views, 303
 sensual quality, 309
 source amnesia, 305–306, 313, 316
 versus knowledge, 299, 312
- Memory phases, 287
 learning, 287, 292, 295, 311–313
 maintenance, 287
 recall, 287, 292, 295, 299, 313–314
- Memory systems, 287–288
 autobiographic, 287, 291, 291, 295, 298, 309, 314–6, 474–475
 declarative, 287, 293, 302, 474
 episodic, 287, 291, 305, 308, 309, 475
 long-term, 287, 295
 procedural or nondeclarative, 287, 292, 293
 semantic, 287, 291, 308, 312
 short-term or working, 287, 294–295, 309
- Memory, theory of
 for closed mind, 301–304
 computer model, 11, 284–286, 303–304
 as dated items, 298, 303, 306, 315–316
 ecological, 300

- evidence for open memory, 305–306, 311, 313–316
- as information containment, 300–301
