

INDEX

- Abramson, A. S., 156
Acoustic analysis, 5, 18, 19
Acoustic correlates, 18, 25, 145-149, 166, 186-190, 192, 194, 197, 211
Acoustic theory of speech production, 6-12
Acute feature, 137, 145, 148, 150, 158
Affricates, 104, 180
Alveolar feature, 211-212
Alveolar sounds, 68, 121, 145, 183
Amplification systems, 68
Analysis-by-synthesis techniques, 15, 23, 26, 29
Anterior feature, 137-138, 172-173, 179, 184, 189, 198, 200
Anti-resonances, 13, 23, 24
Articulation. *See also* Place of articulation complex, 29
sustained, 96-97
Aspiration feature, 211-212
Aspiration sounds, 27, 64, 112, 113, 115, 116, 121, 129, 130, 182
Automatic speech recognition, 6, 17, 25, 143, 151, 163, 166, 174, 202-214. *See also* Visible Speech
Average pronunciations, 34-35. *See also* Normalization

Back feature, 175, 176, 185-186, 198-199, 211-212
Barney, H. L., 42, 86, 167
Binary principle, 152-153, 174, 175, 185, 207
Borovičková, B., 164
Boundaries, 21-23, 153-154, 166, 207. *See also* Distinctive features; Sound segments
Boundary shift techniques, 168
Bursts, 64, 67, 113, 115, 116, 118, 119, 130, 135

Categorical response, 164-165
Chiba, T., 46, 88, 91
Child's vocal tract length, 7, 29, 46, 84-93, 98, 167
Chistovich, L. A., 120, 157, 166, 167

Chomsky, Noam, 137, 171, 174, 175, 176-179, 182, 183, 192, 197-198, 199, 200, 211, 213
Close feature. 58. 192. 198
Coarticulation, 30, 113, 121, 124, 167, 173, 182-183, 207, 213
Compact feature, 57-58, 137, 145, 148, 149-150, 158-159, 176, 187, 196-200
Connected speech, 19-21, 35, 61, 68
Consonantal feature, 149, 155, 173, 175, 176-181, 211-213
Consonantal sounds, 177
Consonants
acoustic information on, 18
categorical response to, 164
and distinctive features, 148-149, 153, 155-156, 164
English, 100-109, 156
perceptual distance, 100-109
and spectrographic analysis, 5, 12-14, 61-68
Swedish, 34, 61-68, 100-109, 110-138, 145, 148-150
Context, 163, 168
Contextual bias, 152, 166
Continuant feature, 178-180
Continuant sounds, 12, 61, 63
Cooper, F. S., 125
Coronal feature, 137-138, 172-173, 179, 184, 198, 200
Correlates, 152. *See also* Acoustic correlates; Perceptual correlates; Production correlates
Covered feature, 183, 197
Cues, 5, 101-102, 109, 130, 149-150, 152, 153, 165, 167, 168, 206

Danish, 126
Delattre, P., 125
Dental feature, 211-212
Dental sounds, 14, 28, 69, 101, 107, 118, 124, 133-134, 145, 212
Derkach, M., 211
de Serpa-Leitão, A., 165, 167
Diffuse feature, 137, 158, 187

- Diphthongization, 95, 97, 116, 129, 184, 185, 193-194, 196, 199, 200
