

Contents

Preface	vii
I NEUROROBOT BACKGROUND AND FOUNDATIONS	1
1 Neurorobotics: Origins and Background	3
2 Neuroscience: Background for Creating Neurorobots	17
3 Learning and Memory	49
4 Reinforcement Learning and Prediction	67
II NEUROROBOT DESIGN PRINCIPLES	87
5 Neurorobot Design Principles 1: Every Action Has a Reaction	89
6 Neurorobot Design Principles 2: Adaptive Behavior, a Change for the Better	113
7 Neurorobot Design Principles 3: Behavioral Trade-Offs Because Life Is Full of Compromises	135
III NEUROROBOT APPLICATIONS	153
8 Neurorobotic Navigation	155
9 Developmental and Social Robotics	183
10 Neurorobotics: Past, Present, and Future	205
Glossary	215
References	221
Index	231
